

FAA eFAST Contract Overview

Delivering mission critical capabilities globally

ABOUT FAA eFAST

Contract Number: FA8771-20-D-0002

Expiration Date: 6/2029

American Ops is a prime contract holder for the Electronic Federal Aviation Administration (FAA) Accelerated and Simplified Tasks. Also referred to as eFAST, this contract vehicle is the FAA's preferred contracting vehicle for procuring services from small business contractors. eFAST offers American Ops a broad range of functional areas to provide our clients with the technology, services and solutions required by FAA clients.

eFAST is a web-based acquisition tool that offers FAA organizations a streamlined procurement process to select from a pool of prequalified small business vendors.
